2-4pm
 (March 1, 7-8, 11-15)

(*) Check with front desk, if class is canceled there will be extra open swim!

WATER EXERCISE CLASSES

Water Exercise is increasing in popularity among the fit and not-so-fit due to its low-impact, yet high resistance nature. Water exercise is a great cardiovascular exercise as well as strengthener and works all parts of the body including the core.

CLASS DESCRIPTIONS

HEALTHSEEKER: If you're just getting started, or trying to get back on track, these classes are for you. Instructors will provide you with personalized help.

ARTHRITIS - A water exercise program designed for persons with arthritis. Water exercise is especially good for people with arthritis since it can help relieve strain on muscles and joints.

SPLASHERCISE- This is a water aerobics class taught by certified instructors. Splashercise will improve your aerobic endurance, muscular strength and flexibility.

WATER WALKING - One of the most low-impact, yet resistant form of exercise. Non-instructed, walk at your own pace.

MULTI-LEVEL: Classes listed below offer a variety of ways to get toned and in shape. Classes may be predominantly strength and toning or predominantly conditioning, but many contain both

WATER TABATA - A water class that uses brief periods of work followed by brief periods of rest. Interval training is one of the most effective training types to blast away the calories.

AQUA EXERCISE - Increase strength, flexibility, and aerobic capacity in the water.

TONING - Enjoy this strength-based class in the water!
