ENHANCE FITNESS® - Is an innovative, multi-component (cardio, strength, flexibility, and balance) physical activity program with demonstrated health benefits for older adults of different physical abilities

RESTORATIVE YOGA - All level class for stress release and relaxation. A great class for beginners that includes neck/shoulder, hip and low back openings.

SENIOR AND BEGINNER FITNESS - A great class for beginners or active older adults that includes strength, cardio, and balance exercises using a variety of safe equipment.

MULTI-LEVEL: Classes listed below offer a variety of ways to get toned and in shape. Classes may be predominantly strength and toning or predominantly conditioning, but many contain both!

AXIS - A 30 minute focus on your foundation- the core. Create stability from the AXIS, the middle of your body, the basis of all movement, then layer on mobility, strength, and power.

BODYPUMP™ - Get lean muscles with this barbell results-driven program from Les Mills. 800 repetitions done in each class! A total body workout that is sure to keep you coming back for more!

EVENING YOGA - Beat stress with soft and hard yoga poses. Tone and strengthen your body with easy and more challenging moves, always modifying them to your own flexibility. All levels welcome!

LET'S RUN/WALK! - An outdoor 2-5 mile walking/running interval class. The cardio in this class is great for your heart and for weight loss.

MID-DAY YOGA - 40 minute Hatha yoga session focused on relaxation and stress release. Practice poses that gently strengthen and stretch your muscles as well as open joints. Relieve work related stress and energize your day.

PILATES - A series of exercises that are designed to strengthen the core and back and to improve flexibility.

POWER STEP - A step program designed by Power Music to push your cardio edge into high gear and attack the legs in every plane of motion, both on the step and on the floor. This is not your old-school step aerobics!

SUNRISE YOGA - Early morning class to get your day going. All level class including sun salutations and flow sequences. Some intermediate poses will be introduced.

YOGA STRETCH - 30 minute class to stretch and lengthen major muscle groups and open hips, shoulders, back, etc.

Y-PUMP - Want to change your body? Join this group weight training session. Pump up your muscles and reshape your body using dumbbells, barbells, bands, and balls. Offers a great variety to shake up your strength training.

Y-SPIN - Group biking classes take place downstairs. Biking on stationary bicycles, intensity is changed through resistance, speed, and body position on the bike.

ZUMBA® - A fun, dynamic and exciting class full of Latin and exotic international music flavors. The routines feature intervals with a combination of fast and slow rhythms that tone and sculpt the body. It targets areas such as glutes, legs, arms, abdominals, and most importantly, the heart. No dance experience is required. Join us!

FITNESS ENTHUSIAST: For those looking for an additional challenge in their exercise routine. Classes move at a fast, intense pace!

BOOT CAMP - Are you ready for a new training routine? Then try our Boot Camp! A YMCA instructor will lead you through a challenging cardio and abs workout. Each day expect something different.

INTERVALS, CIRCUITS & STRENGTH - This is a high intensity interval training class that uses both traditional callisthenic and body weight exercises. It will improve aerobic and anaerobic capacity and improve glucose metabolism and fat burning.

INTENSE INTERVALS - An always changing class that will incorporate high intensity intervals with alternating rest periods which will ramp up the calorie burn and get your body into the anaerobic zone of fitness training. A great class to try to push your body to its limits!

STRONG BY ZUMBA™ - combines high intensity interval training with the science of synced music motivation. In every class, music and moves sync perfectly to push you beyond your limits.
